**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 4-11 and 21-23 are allowed.
1. The following is an examiner's statement of reasons for allowance:
  - a. The Examiner interpreted the following terms as shown below.
    - i. clevis: requires a U-shaped piece with holes at each end through which a pin or bolt is run.
    - ii. flange: requires a protruding or projecting rim or edge.

The applicant's independent claim 21 requires the above limitations as construed by the Examiner. Therefore, any device that allegedly infringes applicant's claims must also have at least the same limitations as described above. If the applicant agrees with the above construction, no response is necessary and the issue fee may be paid. If the applicant disagrees with the above construction, applicant should provide the reasons for disagreement.

***Conclusion***
